Hi Barb...Help!

Hope to talk soon...

An entire team including legal are looking at Snohomish County allowing
=
ground disturbance where the Tribe has clearly voiced numerous times and
=
opposing with serious concern regarding shoreline impact, environmental

=
impact, and archeological impacts...even questioning tidelands =
issue...treaty issues...whom would I contact re this on behalf of the =
Tribe now that Christopher is gone?

This is clearly ground disturbing of a pocket estuary...a spawning =
ground for salmon...clearly a treaty concern and violation.

How do we stop this from becoming a hill to die on?

12-106204-000-00SM Shoreline Management. Pending 13-11037-000-00-CT =
Complaint. Closed

Thanks Barb...meaningful consultation creates a win/win for all...Patti
